Candidate Information Pack

Sept 2024

Welcome From Our CEO

Thank you for your interest in joining Age UK Richmond as our Chair.

At Age UK Richmond, we are dedicated to improving the lives of older people in our community. We believe that every individual deserves to age with dignity, respect, and the support they need to lead fulfilling lives. We have been serving the older population in Richmond upon Thames for nearly 60 years, and we are committed to making a positive difference in their lives.

We are an experienced, cohesive and dedicated team who are passionate about ensuring that older people's voices are heard and we are highly respected locally for the work we do. We are a forward looking charity and believe in the power of working collaboratively with others to further our mission and increase our ability to provide support to help local older people to live healthier, happier and more independent lives.

It is an interesting time to be joining us. We are working on developing our ambitious new Strategic Plan for April 2025 onwards, and we are keen to ensure we are responsive to the changing needs of existing and new generations of older people. We are particularly keen to ensure we address challenges such as dementia, support for unpaid carers and social isolation while always looking to work in partnership.

If our work excites you and you believe you bring the skills and experience we need to lead our Board, we would love to hear from you.

Gavin Shand

About Us

Age UK Richmond upon Thames is a local independent charity supporting older people, carers and family members in the London Borough of Richmond. We are a local partner of the national charity Age UK, and as such though we raise our own funds, we can benefit from membership of a network of similar independent charities across the UK, whilst being able to maintain a focus on local issues.

We are proud to deliver a wide range of services, which include a mixture of 'on demand' services, commissioned services and social and community activities. We also work extensively in partnership with a wide range of other local charities in the Richmond area.

Our CEO Gavin Shand, leads a team of 50 committed staff, and around 100 loyal volunteers. We receive excellent feedback on our services and are delighted to be able to support around 4,000 local older people every year. Here are some of their comments.

'Just to say that we are very lucky in this area to have such an active AGE UK offer and we are aware that other areas are not so well covered. I am very grateful for all of the centres, activities and programmes that are available at low or no cost in Richmond'

'I dreaded mental health peer support, but it has actually been the best thing to have happened. Mia is wonderful and very supportive and encouraging. Through her I am now doing art and writing and have just started an online course. All of which I would not have had the confidence to start otherwise'

Age UK Richmond has been very important to me, meeting new people, outings, given me a purpose. The staff are amazing. Thanks to all at Age UK Richmond.'

Our income is currently around £2.3m a year. This includes a local authority contract we manage under which a significant portion is passed to other local charities we work in partnership with. Funding comes from a range of sources including local authority & NHS contracts, grant funders, chargeable services, donations and legacies.

It's a tough time for the charity sector with rising costs and a more challenging income generation environment that is starting to put more pressure on our finances, and although our current position is stable, we will need to think about how we adapt. We are also keen to strengthen our local partnerships, particularly with the NHS and to further our support for those with dementia and carers.
